

## Executive Bios

### **Scott Woodruff, Interim CEO**

Scott Woodruff is the Director of Industrial Sales for MTU Americas Inc. He oversees and manages the sale of agricultural, construction, mining, oil & gas and rail engines to OEMs and distributors in the Americas. He has sales teams reporting to him located in the United States. Throughout his tenure at MTU America, Woodruff has held many roles and led projects that were essential to the company's growth and successes, launching various new engines into the marine and industrial markets, developing new customers and business segments and leading the sales processes for the implementation of SAP in North America.

Woodruff's background consists of coordinating and developing an intercultural, diverse sales team that has grown Rolls-Royce Power Systems' market share. Previous employers include Detroit Diesel and MTU Friedrichshafen where he held positions in manufacturing engineering, service & warranty, and application engineering. He has been working in the diesel engine business for twenty years.

Woodruff holds a MBA from Oakland University and a Bachelor's of Science in Mechanical Engineering from Michigan State University.

### **David Paradis, Chairman of the Board**

David is the President of the Weir Oil & Gas Pressure Pumping business, based in Fort Worth, Texas. The Pressure Pumping business is the world's leading supplier of well service pumps. He has held this position since January 2015, after initially joining Weir in May 2012 as the Executive Vice President of Global Sales and Service. Paradis is also slated to serve as chairman of the board of EPIX.

Prior to Weir, Paradis had a successful twenty-two year career with Tyco International's flow control business. Throughout his career, he has held roles within sales, marketing, global strategy development and deployment, and general management. Much of his work has been directly related to the oil & gas industry, including his involvement with the development of API (American Petroleum Institute) standards as a member of various committees. Paradis is an advisory board member in the May's Business School at his alma mater, Texas A&M University, where he works with the school to develop the next generation of leaders for the oil & gas industry. He is also a member of the PESA Advisory Board.
